Re: *United States v. Mohamad I. Shnewer, et al.*,
Crim. No. 04-0459 (RBK)

Dear Judge Kulger:

The parties have made us aware the defendants will be receiving several hundred hours of video recordings in discovery in the near future.

To facilitate the review of the video recordings, we will be implementing the following discovery review schedule: Monday through Friday, from 7:00 a.m., through 3:00 p.m., defendants will be taken to separate areas to review their discovery. At least one of these areas will include the law library. Defendants will be rotated through the areas during the week to ensure they have access to the law library.

Defendants will be removed from the review areas as dictated by security concerns or their health/personal needs. Lunch will be provided to defendants in the review areas.

This schedule has been designed to expedite the defendants' review of the discovery.
